KP Komponenter A/S invests in Swedish Trestads Precisionsmekanik AB

The Danish subcontractor KP Komponenter A/S invests in the Swedish subcontractor company Trestads Precisionsmekanik AB, via its parent company KP Group Holding ApS.

TPM AB is a subcontractor of complex machined components to customers with high demands to precision, primarily to the Swedish market.

This strategic acquisition KP Komponenter an important platform in the Swedish market, and is part of the company's plan about further expansion of its market share in Sweden.

Through more than 28 years, the three former owners of TPM AB, Anders Jonsson, Thomas Lööf and Ove Olsson, have built up a competitive machining factory focusing on high quality complex machining and a high degree of automation supported by a long-term cooperation with key customers. In recent years the company has invested massively in both machinery, automation via robot technology and measuring equipment.

TPM AB has built up a strong supply chain, the key competences being quality, short delivery time and consistency of supply. The company has a total of 20 employees.

The primary customers are i.a. within the hydraulic industry, and the company is certified to ISO 9001:2008 and 14001:2004, quality and environment management.

"TPM AB has built up a strong position in the Swedish market, and its platform and technology matches our other companies in the group perfectly", states Martin Krogh Pedersen, who, as the vice chairman of the KP Group board, is in charge in the search for strategic merge candidates.

"We are looking very much forward to cooperating with the TPM team and to the new possibilities this will bring to our group. Also, we are pleased that both Anders Jonsson and Ove Olsson will continue in the company in Sweden. This will ensure a high continuity and support increased growth and new possibilities with existing as well as new customers. After many years' considerable contribution Thomas Lööf has decided to retire during 2016, while Anders Jonsson will continue as the manager of TPM AB", states Søren Husted, CEO for KP Group.
